obtaining discovery, such as depositions regarding facts within the knowledge of individuals identified, to the extent that the information sought is publicly available and, thus, equally available to all parties, to the extent that it seeks documents containing information protected from disclosure by the official information and law enforcement privileges, and seeks information not proportional to the needs of the case. Defendants further object to this request on grounds that it implicates the privacy and security concerns of non-parties to this action and those not represented by the Office of the Corporation Counsel, to the extent that it implicates the sealing provisions of N.Y. C.P.L. §§ 160.50, 160.55, and/or Family Court Act § 375.1, and to the extent it implicates the Health Insurance Portability and Accountability Act, 42 U.S.C § 1320(d), et seq., (“HIPPA”). from disclosure by the official information and law enforcement privileges, and seeks information not proportional to the needs of the case. Defendants further object to this request on grounds that it implicates the privacy and security concerns of non-parties to this action and those not represented by the Office of the Corporation Counsel, to the extent that it implicates the sealing provisions of N.Y. C.P.L. §§ 160.50, 160.55, and/or Family Court Act § 375.1, and to the extent it implicates the Health Insurance Portability and Accountability Act, 42 U.S.C § 1320(d), et seq., (“HIPPA”). OBJECTION AND RESPONSE TO INTERROGATORY NO. 17:

Defendants object to Interrogatory No. 17 on the grounds that it is vague, ambiguous, overbroad, not sufficiently limited in time or scope, to the extent that it seeks information that is not relevant nor reasonably calculated to lead to the discovery of admissible evidence, notably as it seeks information about subsequent remedial measures, it is unduly burdensome, to the extent there is another more practical method of obtaining discovery, such as depositions regarding facts within the knowledge of individuals identified, to the extent that the information sought is publicly available and, thus, equally available to all parties, to the extent

that it seeks documents containing information protected from disclosure by the official information and law enforcement privileges, and seeks information not proportional to the needs of the case. Defendants further object to this request on grounds that it implicates the privacy and security concerns of non-parties to this action and those not represented by the Office of the Corporation Counsel, to the extent that it implicates the sealing provisions of N.Y. C.P.L. §§ 160.50, 160.55, and/or Family Court Act § 375.1, and to the extent it implicates the Health Insurance Portability and Accountability Act, 42 U.S.C § 1320(d), et seq., (“HIPPA”). Defendants also object on the grounds that this request implicates the law enforcement, deliberative due process, official information, doctor-patient, and psychotherapist-patient privileges. Defendants further object as this interrogatory is premature insofar as it seeks discovery under Monell v. Dep’t. of Soc. OBJECTION AND RESPONSE TO DOCUMENT REQUEST NO. 39:

Defendants object to Document Request No. 39 on the grounds that it is vague, ambiguous, overbroad, not sufficiently limited in time or scope, and to the extent that it seeks information that is not relevant nor reasonably calculated to lead to the discovery of admissible evidence (the request, for example, seeks “the training history” without limitation of time or relevance to the instant case), to the extent that the information sought is publicly available and, thus, equally available to all parties, and to the extent there is another more practical method of obtaining discovery, such as depositions regarding facts within the knowledge of individuals identified. Defendants further object on the grounds that such information is not relevant to any party’s claims or defenses. Defendants also object to this request to the extent it seeks information protected by the attorney-client privilege, the work product doctrine, the law enforcement privilege, or other applicable privileges.

Subject to, and without waiving, or in any way limiting, these objections or the General Objections, defendants refer plaintiff to individual officer training history available on the publicly accessible website <https://nypdonline.org/link/2>.

OBJECTION AND RESPONSE TO DOCUMENT REQUEST NO. 40:

Defendants object to Document Request No. 40 on the grounds that it is vague, ambiguous, overbroad, not sufficiently limited in time or scope, and to the extent that it seeks information that is not relevant nor reasonably calculated to lead to the discovery of admissible

evidence (the request, for example, seeks “the training history” without limitation of time or relevance to the instant case), to the extent that the information sought is publicly available and, thus, equally available to all parties, and to the extent there is another more practical method of obtaining discovery, such as depositions regarding facts within the knowledge of individuals identified. Defendants further object on the grounds that such information is not relevant to any party’s claims or defenses. Defendants also object to this request to the extent it seeks information protected by the attorney-client privilege, the work product doctrine, the law enforcement privilege, or other applicable privileges.

privileges. Defendants further object as this interrogatory is premature insofar as it seeks discovery under Monell v. Dep't. of Soc. Svcs., 436 U.S. 658 (1978), which has been designated as “phase two” discovery by the Court and by agreement of the parties.

DOCUMENT REQUEST NO. 42:
